### **American Tubular Square Aluminium Lever Door Lock**

#### **Product Introduction**

The American Tubular Square Aluminium Lever Door Lock has a modern look and clean lines that are suited for the design conscious consumers. This lever is easy to install and has a custom high quality look that can feature either a round or square rose at an affordable price. Both levers and knobs can be operated by a key on the outside or thumb turn on the inside. Fully reversible lever, can be installed on both right handed and left handed doors. For use on exterior doors where keyed entry and security is needed, which protects against advanced break-in techniques and allows you to re-key your lock yourself in-seconds. The American Tubular Square Aluminium Lever Door Lock without keys designed for a private space, such as for hallway doors, laundry rooms and closet doors that latch but don't lock. The latch plate is square and isn't removable. Made of modern design, the durable door locks is for long time use.
