Zinc Alloy Concealed Lever Action Slide Lock Latch

Product Introduction

Solid Zinc Alloy or Brass Concealed Lever Action Slide Lock Latch with Square End is the perfect finishing touch for your door. Its recessed, compact design comes in various finishes that will add elegant functionality to your doors. The easy lever, single lever operated function for quick, simple and intuitive application and unlocking. With exposed mechanics, this item is designed to be easily recessed and fitted to timber doors. Optimum construction of the Supreme Flush Bolt results in a bolt that can surpass the structural integrity of the door that it has been fitted to. When fitted correctly on an sized wooden door, the Supreme Flush Bolts have established higher strength than the door itself. Keep your home secure and stylish with this premium, smooth operating latch.

Since its foundation in 2015, Zongyi Hardware Co., Limited has been dedicated in providing high-quality products to customers reliably at low prices. Product Feature

The superiorer stability and better quality provide a strong and sturdy Zinc Alloy or Brass Concealed Lever Action Slide Lock Latch. Ideal for securing the inactive leaf on a set of double doors. Flush, compact latch adds extra security. Flush bolts keep the inactive door closed, it can be installed at the top or bottom of the door. Flush bolts are used most often on doors that lead to a kitchen, office, or living room. They are available with square and rounded corners in various sizes and finishes to match the door hardware you already have or are planning to buy. Before you buy a bolt, you need to check your existing door and see what size and shape holes it has so that you can make sure that you order the correct product.
